

# MILESTONES OF VENETO REGION'S PRACTICAL EXPERIENCE IN THE HEALTHY REGIONS PROJECT

## TOOL OR EXPERIENCE

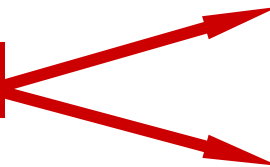

MAPPING EXERCISE  
AND DIALOGUE TOOL

## OUTCOME

Start up of a dialogue between Collaborating Partners and regional representatives in the field of Health Promotion

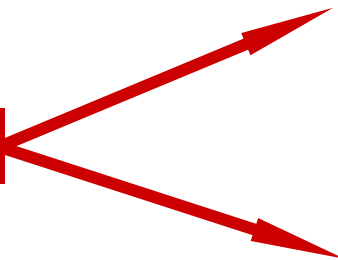

PROJECT CATALOGUE CREATION

Enlargement of the network: new stakeholders included in the CP Network to suggest best practices

Implementation and monitoring of pilot projects

EVALUATION SEMINAR

Detailed evaluation of CPs participation  
in the *Healthy Region* project process

**Issues evaluated** about participation in the project activities:

- Meeting attendance
- Dissemination activities about the HR project
- Collaboration for the Deliverables

Pilot Projects Implementation

**Success factors**

- Rooted collaboration between Health Services and School which creates a trust relationship between health stakeholders and teachers
- Just little commitment requested to school's personnel, which assures better compliance
- Multi-sectoral team group and families involvement
- Peer education model – peer skills exported in other formal and informal settings
- Good mix between educational sessions and interactive games and activities (e.g. role playing)
